### **DETAILED ACTION**

The submission of amendment filed on 3/17/2006 is acknowledged. At this point claims 14, 19, 28 and 29 have been amended, claims 1-13 and 20-27 have been canceled and the remaining claims left unchanged. Thus, claims 14-19, 28 and 29 are at issue in the instant application.

#### ***Allowable Subject Matter***

Claims 14-19, 28 and 29 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to Claims 14, 28, 29 the prior art of record fails to show the power supply having a first mode of a reduced duty cycle for illuminating the LEDs of the first array only as tail lights and having a second mode activated by braking system delivering current at a higher percentage of the duty cycle to the LEDs of the first array illuminating the LEDs of the first array more brightly to provide brake lights.

Claims 15-19 are allowed as claims depended on claim 14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
